They came.
First one; then by twos.
Once a month,
To plot and conspire and to schmooz
around the table
at Elsie's for lunch.

They came.
At twelve o'clock noon.
To mingle, kibitz, and use the little room.
To talk, to snoop,
and to figure out fast
ways to find classmates
of fifty years past.

They gave,
Of their time and Ideas
And their skills honed for: Lo this long year.
To find classmates
Once close and twice dear.

They decided:
"We will have our Gala
Dinner at the Four Points, er,
Gateway Hotel, yes sir,
I mean Ramada Plaza for our Gala."
....Or whatever it'll be called by the fall.

They went.
To Arizona for the winter,
To the Caribbean, to Finland,
and some to St Cloud or Brooklyn Center.

They went.
To Elsie's for lunch,
With their Ideas, their vision, determination,

They accomplished.
What today is before you
Not the wild hare of one or two
but the blend and alloy of
After five decades have passed
the best of each to bring you one
unduplicatable
Blast from the Past!!

We're just a small shop and the kids and my wife have worked there at various times over the years. I married Patricia Brindamour (Patrick Henry HS) in 1962 and have two sons and one daughter. We are also blessed with three grandsons and one granddaughter. We moved from Crystal to a lake home near Buffalo in 1979 to begin raising the kids in a small town setting. It's worked out pretty good. The kids married high school sweethearts. All of us still live in or near Buffalo. We also purchased a winter home in Bonita Springs, FL in 1997 and spend most of the worst part of winter there. We have a lot of family visiting us while we're there which I really enjoy. Dorothy Johnson 	Dorothy Braun 	<p>The program that I graduated from was the General Business Course. It does not seem like 50 years have passed since then. I remember all too well the fun times that I had with what I consider to be my best friend, Ruth Wilson (Holmquist) while attending Vocational High School. Along with Ruth there was also Betty Hrkal and Judy Wendt. Wish I had enough nerve to post pictures of the slumber parties and the goofy food we ate (fried egg sandwiches with mayo and ketchup was Judy's specialty). We all had a good time during the high school years and were privileged to have had some very good teachers. They taught us well and we did have a "vocation" upon graduating. My first full time job was with Electric Machinery Manufacturing Company in Minneapolis where I worked in the stenographic pool and was also a receptionist/switchboard operator. My first husband, David Gossman, was a National Park Ranger and so we enjoyed living in some beautiful parks such as Big Bend National Park-Texas, Grand Canyon-Arizona, and the Grand Tetons in Wyoming. We had two children before he passed away. I was remarried to David Braun and we have a daughter together. We also have 5 wonderful grandchildren. The last position I held was that of a phlebotomist at Consultants Laboratory, St. Agnes Hospital, Fond du Lac, Wisconsin where I had a route of my own servicing many of the outlying nursing homes in our area. I am now retired and enjoying things that I never had time for such as quilting and volunteering. Life is good.</p>

Ultimately, I went to work for a school transportation company and was a serviceperson and driver until my retirement. I have two grown children and currently live in Santa Rosa, CA.

Ray Leibold	Buddy	I guess I could say "been there, done that" as I haven't missed out on much in life. I was a printer, typesetter journeyman, automotive transmission rebuilder at two service stations I owned in New Hope and Crystal; raised quarter horses and cows in North Branch. Fire destroyed our home in North Branch and moved to Agra, Oklahoma and bought a small ranch and had horses for our personal use. Took up trucking in 1980 and been doing that ever since. My trucking companion now is a Shih Tzu named Buddy. My wife keeps her dog, Holly, at home. My first wife, Marlys, and I had 4 children. My wife now is Sandy and between us we have a total of 7 children and 10 grandchildren. My youngest boy is 16 and lives in Oklahoma.
		
Bonnie LeNoue	Bonnie Bjorkstrand	Clarence and I had 4 children, 7 grandchildren and 1 great grandchild. I worked for US Customs - Import Broker Supervisor for 37 years. Dennis Lund 	Dennis Lund 	I am married, father of 3 and grandfather of 4. I have been in the printing business for over 50 years. Currently owner of Richfield Printing Inc. Former member of the Boy Scouts of America for 40 years. Enjoy going up North to our cabin and fishing. Active member of Rosemount United Methodist Church. Grateful for learning a trade at Vocational. One of my favorite things is teaching my grandchildren to fish at our lake home.
David Markuson 	David Markuson 	I was in Hotel and Restaurant Training at Vocational. Don't know why they didn't just call it cooking. After graduation I joined up for the Navy. My 20-20 hindsight was working perfectly. After taking a battery of tests I could have opted for some tech school the Navy offered after going through boot camp. The last thing I wanted to do after graduating was go back to school. After the Navy, I found that cooking was not my calling. I attended the Academy of Accountancy then worked for H&R Block and then for a dozen years at a small accounting firm before starting my own tax practice. I'm hoping I don't have to retire until they throw dirt on the lid. Being a tax practitioner affords me enough time to travel by motorcycle to visit friends all over the country.

Michael Merrick 	Michael Merrick 	<p>Widowed. Was married to Reggie Commodore's next door neighbor from the projects for 41 years until she died in February 2006. We had 1 girl, 3 boys and 3 grandkids. I am a retired union activist. Thinking back and trying to remember which teachers to blame for the way I turned out is hard. But, I think those most responsible were Mrs. Turkington, Mr. Evans, Mr. Eller & Mr. Brown. Just kidding!! Loved'em all and thank them for trying, but in my book, Harry Brown was number one and should have been sitting at Herb Brooks' side in Lake Placid. Since having successful radiation treatment for prostate cancer, I've tried to maintain a sense of humor, but now I cry when watching porn flicks. In the summer I like to grow plants that irritate the neighbors and lounge around my pool listening to the blues played by the King Brothers, Albert, B.B. and Freddie. In the winter, I just lounge. People have told me, off and on through the years, that I should be more serious about things, and they're right. My New Year's Resolution in 2016 is to start getting serious.</p>
Bill Miller 	William Miller 	<p>My birthdate is 1/10/1942 so I was one of the younger classmates. My Mom lied to get me into school early. I worked as an electrical engineer at one company for 37 years. I mostly volunteer at my church, mainly in music. I sing in two choirs, play guitar in one and lead music during service. My hobbies are music, woodworking, reading, computers, financial planning and grand kids. My fondest memory was having two dates for the same school dance. Our favorite vacation was a vintage train trip through our national parks.</p>

Carol Monroe 	Carol Kroger 	<p>My career included working for Minneapolis Schools and Park Board offices for 30 years. The skills I learned in high school were used daily, including the steno, that was used through the 1980's. In the 90's computers became the main tool in getting the work done. Having had training in many skills used in the secretarial work was a big bonus and made my work easier to complete. Retirement gives me time to keep in touch with friends and spend more time with family. We have traveled frequently and seen a lot of the country including Hawaii and Florida. In my spare time I read novels, especially mysteries. There is also a cat at home to keep us company. I am married and have 4 children, 3 stepchildren, and 8 grandchildren.</p>

Ed Osfar	Ed Osfar	First wife was Marge Healy who had my four children. Marge passed away and I married Pat for a short time and she got all my money. Been single since 1982. Our four children produced 8 grandchildren and 2 great-grandchildren. I had 2 years of college and had my own printing and photography company until I was 28. The next 5 years I spent selling Volkswagens and then I went into the boat business. Started by importing sailboats from Norway and Sweden and was owner of Tonka Bay Marine sales on Lake Minnetonka for 12 years. I had the Trojan Cruiser line...and you think the "Love Boat" was a great story. I could be sued if I ever opened up about a tenth of what I know happened on that lake. Since then I have bounced around in a few different businesses including a restaurant in Red Wing. Twelve years ago I went back to auto sales at Burnsville Volkswagen. I have stayed around hockey in one way or another. I published "The Backchecker" for the Minneapolis Millers, coached kid hockey and have taken pictures for newspapers and the Boston Bruins. When one of my grandsons played for Armstrong High School, I published a 44 page magazine for three years to raise money for their program. Best vacation..taking my own boat through the Virgin Islands and Sweden since it was the most recent.

Bjarne Pedersen	Bjarne Pedersen	Looking forward to a great time. I have many memories of Vocational. I worked downtown Minneapolis for some years and walked by the old school many times. It was sad to see it turned into a commercial property. That entire part of town has changed so much since our school days. The two big hotels, the Leamington and the Curtis? Then the remodeling of the convention center and many other additions to the area. I remember a buddy and I used to sneak over to the bowling alley just a block or so away. Once the truant officer caught us, and we told him we were not students at Vocational. He hunted us down and brought us to the principal's office anyway. Remember Leroy Bogart, the Golden Glove heavyweight champ in our class? An exciting school to be sure.

I graduated at the age of 54. I worked in my field of commercial art first as a sign painter, later in advertising at two newspapers, taught some watercolor painting classes for seniors and people with mental illness while working my last eleven years as a human services technician at a state hospital. Favorite teacher was Ken Thompson. Now I'm doing R & D for my next art project and enjoying retirement. I live in Baxter MN and have 3 daughters and 3 grandchildren. Looking forward to the 2009 class reunion.
Bruce Peterson 	Bruce Peterson 	After graduating from Vocational, I started working at McQuay Inc. as a draftsman in Golden Valley and was there for seven years. I moved to a hobby farm about thirty miles northwest of Willmar and worked at TCI in Benson for 17 years. I worked in Brooten at Crow River Industries doing parts manuals for wheelchair lifts and other similar products for another 17 years. I am currently retired and living with my wife on a forty acre farm (mostly woods) between Brooten and Sunburg. I was single until I was fifty-one, so a bit too old to start raising a family. My wife Colleen and I attend a small country church near Sunburg. I do some cartooning for the <i>Senior Perspective</i> in Glenwood as a hobby. I suppose my favorite teacher would have to be Mr. Schow, who was my teacher in machine drafting for all three years at Vocational.

Remember: In many ways, dogs and cats are better than kids because they:

1. Eat less
2. Don't ask for money all the time
3. Are easier to train
4. Normally come when called
5. Never ask to drive the car
6. Don't hang out with drug-using friends
7. Don't smoke or drink
8. Don't have to buy the latest fashions
9. Don't want to wear your clothes
10. Don't need a "gazillion" dollars for college.
- And finally,
11. If they get pregnant, you can sell their children.

*Life is short, Break the rules, Forgive quickly,
Kiss slowly, Love truly, Laugh uncontrollably,
And never regret anything that made you smile.*

*Life may not be the party we hoped for,
