FOREWORD

Just as the little Red School House is a symbol of the 3 R's and education at the beginning of the century, so too is our modern day Vocational High School a symbol of the variety of opportunities offered by schools of this mid-century year.

Within the covers of this 1950 Tradewind we have tried to show you the significant things that have happened in our school this past year.

DEDICATION

Since we have enjoyed the opportunities which modern education provides, we hereby dedicate this 1950 Tradewind to the faculty and students of the future, in whose hands shall rest the responsibility of providing the training which will help students of the future to solve the problems of their time.

Aviation

Since the day the Wright Brothers invented the first plane, Aviation has developed with leaps and bounds. We have not only large transport airlines but also privately owned planes used for business and pleasure. The boys in the Aviation Department are learning about the structure and engines of the planes. After finishing their course they are eligible to take the Civil Aeronautics Administration Examination, if they wish to become a licensed mechanic.

Barbering

Like our Cosmetologists our Barbers are required to take a State Board Examination. In order to be eligible for this examination they must have 1200 hours of training to their credit. From early morning till late in the afternoon our boys turn out hundreds of patrons. For that well groomed appearance just step into the Vocational barber shop.

Architectural Drafting

Training in the drafting field usually insures students of employment as junior draftsmen. Architectural Drafting pertains to buildings of various kinds. This field calls for a sense of art and design, neatness, and patience.

Auto Body

Auto body is a part of the automobile department in which the students learn how to repair automobile bodies. The department is housed at Central High School. Their actual production work is the repairing of fenders and general body work. Painting automobiles under modern methods is also a part of their training.

John Lascon, Merlin Lewis, Samuel Simmons, Dick Malark of the tailoring department.

Tailoring

Our Tailoring Department is considered one of the best in the city. Orders are constantly coming in for our students to make suits, coats, shirts, trousers and other wearing apparel. These students learn to design their own clothing and cut their own patterns. They also learn to press and repair their clothing.

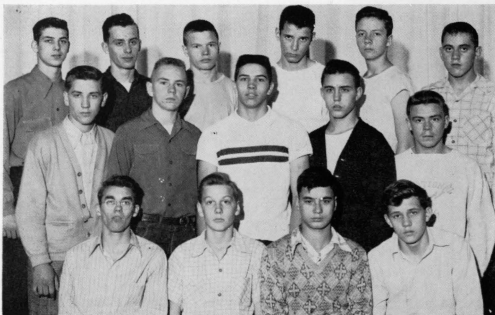

Machine Drafting

The machine draftsman of today is a very important person in our modern day industry. The boys in the Machine Drafting Department learn the principles of how to design machines and must have an advanced knowledge of mathematics, lettering, tracing, and blueprinting.

Upholstering

Quite a change has taken place since the 1900's in the style and material used in furniture making. Remember that old leather rocker of grandpa's for instance—then compare it to a new upholstered platform rocker. All kinds of upholstered furniture are made in our Upholstering Department and the long waiting list of orders provides a wide variety of experience from which students master the various techniques and practices of the trade.

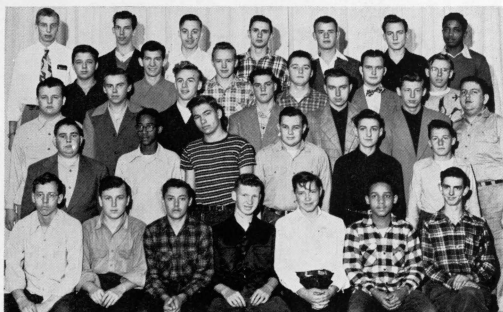

Radio

You probably don't realize the importance of science in your everyday life, for instance, the radio—years ago they were known as crystal sets, capable of receiving only one or two stations. With the radio of today we can listen to numerous stations all well organized which produce well rounded, educational programs. Some of the major factors taught in the Radio Department are specialized electricity, theory, repairs, and radio wiring.

Working on radios are Roger Savanich, Arthur Dahl, Glen Kregness, Bob Bednarczyk, and Larry Reynolds.

Row 5: Richard Roeglin, Willard Schendel, Ralph Ohnesorge, Richard Grootton, Donald Nybo, Byron Willner, Roger Frazier.

Business

There have been many changes in the field of business since Vocational had its beginning in the old Central High building. We now use the newest methods and latest type of equipment to train our people for the business world. The modern equipment includes all the various kinds of new machines used for accounting and general office work.

Commercial Art

Vocational offers to students the best training possible in Commercial Art. It has been ranked with the other leading schools who offer this subject.

Our students are taught the skill of handling a brush, pen and various paints as well as the technique of lettering and design.

One of the projects the art department had undertaken this spring was the decorating of the lunch room at the senior banquet. It was beautifully done in red and white; the traditional colors of Valentines Day.

The art department also handles the decorating of our store and display windows. Smart designs can be seen there at all times.

Metal Arts

The students in our Metal Arts Department turn out a beautiful variety of jewelry, pewter dishes, candle holders, and an assortment of other metal articles. These students are not only trained in the formalities of this trade but they must use their imagination, have patience and continual practice.

Shoemaking

There is quite a contrast in the style and construction of shoes that our grandmothers wore and those of today. For now shoes are made with little leather and are very stylish. The boys in our Shoemaking Department are good at repairing shoes as well as making them.

Row 1: Rose Rudquist, Darlene Marconic, Annetta Durnills, Rita Wilmes, Annie Tollifson, Carole Schendel. Cooking

The time of the wood box and the old kitchen range is past. A modern day kitchen provides many conveniences and time saving devices. If you were to visit the Vocational Cooking Department you would find modern gas ranges and the best of electrical appliances, which our boys and girls learn to use in the making of most delectable food.

Sheet Metal

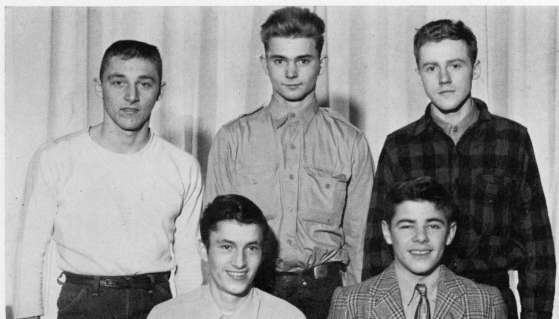

Students in the Sheet Metal Department do a great deal of work for schools and business concerns. At one time during the year the Sheet Metal Department had a production job making 100 medicine cabinets. They also made dust pans, mop boxes, sweeping trays and equipment for schools. Work was also done for the State Department of Education.

Welding

The students in our Welding Department are trained in a learning process which builds up the individual where he is capable of doing production work. During the year the boys are required to take the Navy test and the Pipe welding test and they are rated accordingly. This department takes in repair work to be done for the school or outside concerns.

Cosmetology

Beauty patches, wind blown hair styles, they're all coming back — Yes, those were the styles of yesteryear, which seem to be making a very noticeable comeback. At the present time about 20 students operators of Vocational complete their required 1500 hours of training and are eligible to take the State Board Examination to obtain a license. Training calls for the ability to fingerwave, manicure, shampoo, pin curl, give facials, scalp treatments, and know how to use and apply make-up and electricity. Theory of the hair, nails, skin and etc. are also taught.

Pre-Nursing

The girls in our Pre-nursing Department are instructed in the formalities of nursing and dietician work. Many of these girls are given jobs in private homes caring for the children and doing light housekeeping work. Upon graduation they enter various hospitals as student nurses and further their education.

Printing

There was a time when printing was not done on a large scale. But in this modern age we have linotype machines for setting type and presses with automatic feeds. Students enrolled in this department are acquainted with all phases of typography and receive practical experience in printing of all types.

Needle Arts

As we pass the sewing classes we hear the hum of power machines. We realize we have come a long way since the time of our grandmothers. The girls in our sewing department simply whip out a pattern, cut and sew the garment on a machine in a matter of a few hours, instead of working, maybe days by hand.

Miss Miller shows Marlys Jarars, Theresa Rotar and Joan Jadwin the finer art of Sewing in Needle Arts class.

Retail Training

A gleaming smile and a courteous welcome is the goal our retail training boys and girls are striving to meet so as to be able to please the public. Years ago, general stores were in existence and seemed to meet the need of the people. Now, Vocational trains its boys and girls for special sales work in large department stores, by teaching them the art of pleasing the customer.

Machine Shop

The Machine Shop offers a course which takes three years to complete. The work is taken in four different shops, beginning in bench layout and finishing with tool and dye work in the student's senior year. Those who successfully complete their course receive a machinist's certificate and are qualified to work in many machine establishments in and around Minneapolis.

Homecoming

Our Homecoming game this year was played with West, who had their Homecoming at the same time. The game tied 13-13, which brought great joy to both sides.

This year our queen reigns from the retail training department and our king from architectural drafting. In the picture at the top right the queen is being escorted around the football field by the cheerleaders, while waving at the cheering crowd.

At the bottom the master of ceremonies, Dick Pittelkow is announcing the crowning of the king and queen, which had just taken place beforehand. Surrounding the king and queen are the football players and cheerleaders.

Everyone was tense, the halls ran with excitement, for the Homecoming was finally here. To us the most excited people were the king, queen and their attendants. Pictured above are Irene Johnson,

The Queen's Attendants

twelfth grade attendant; Theresa Rotar, eleventh grade attendant; Rosylyn Wunderlich, who are escorted around the football field at half time to celebrate their reign. At the bottom is our King Sammy and Queen Bette pictured with their attendants and escorts: Rosylyn Wunderlich and Jerry

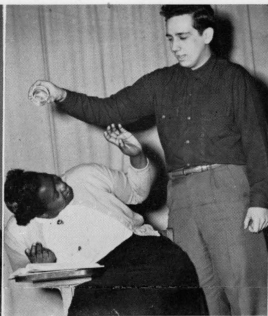

Chido, tenth grade; Theresa Rotar and Paul Seledic, eleventh grade; Irene Johnson and Harley Gunderson, for twelfth grade. The Homecoming dance followed the game, which brought out a large group of students and faculty.

Hall of Fame

It's here! Graduation time, and as the school year draws to a close we have once again chosen students who are outstanding in their own special way. They have emphasized these traits in the past years at

Vocational. The juniors and sophomores all look forward to the time when one day they may be selected as one of the favorites of the student body. Being chosen for the Hall of Fame isn't what

Clubs and Organizations

No longer do students have to depend only on the 3 R's for their education. Clubs provide an opportunity to take part in activities of a general nature while in school. The year 1950 found more than ninety per cent of the Vocational student body enrolled in our club program, which provides many life-like experiences designed to help us live a more happy and successful life. The other organizations such as Band, Glee Club, and Student Council also received good support from the student body.

Glee Club

Every year the spirit of Christmas can be heard in the halls of Vocational as well as seen. We can thank Mr. Cooley's Christmas and regular Glee Club for the early morning caroling. Many thanks also go to the Glee Club for entertaining us during radio programs and for other appearances at special times during the year.

Band

Weren't we proud of our band this year? With more new uniforms and instruments, they entertained us many times throughout the year at basketball and football games besides pep-fests, radio programs, open house and many other activities. Next year promises a larger band and more appearances.

Row 1: Dennis Embala, Jim Peterson, Patricia Walters, Marianne Deason, Lois Blomberg, Lorraine Pribula, Donna Clason, John Thoreson. Row 4: Bob Mason, Jerry Stroinski, Wally Kantorowicz, John Swart, Terry Pingree, Frank Antonowicz, Ronald Thayer, Robert Westlund.

Student Council

The student council, made up of a representative from each homeroom, meets once every two weeks for the purpose of promoting student self-government. Special committees meet more often to plan for student participation in various activities necessary to the operation of the school. In addition to student government they help with special school programs and parties. At the left the officers are shown: Mildred Swartz, Secretary; Ronald Coleman, President; Joyce Crews, Vice President.

Publications

The Craftsman and Tradewind staffs have worked diligently on our school publications. It is our hope that you have been satisfied with them. By a school vote the name of the newspaper was changed to the Craftsman. Writing copy, planning page layout and preparing pictures make up a large portion of the work done by both staffs.

Y-Teens

This peppy girls' club meets at the Y.W.C.A. twice a month where they participate in games, dancing, and various social activities.

Row 1: June Taylor, Louise Pacyga, Marian Nagovsky, Angela Holstein, Joan Wolff.
Row 2: Betsy Parker, Darlys Winkelman, Mary Lou Gorman, *Front dancing:* Louise Jablonski and Jo Ann Wibbens.

Camera

Taking pictures as a hobby, besides learning the important points of photography, is the subject of the Camera Club. Sally Tallifer is shown posing as the boys and girls in the Camera Club snap her picture.

Radio Club

This is the club with talent and pep without which our school programs would have been incomplete. Its members see to it that we hear all programs and announcements on the radio.

Lois Lundquist, LeRoy Schoonover, Joyce Norak, James Jenison, Charlotte Sime, Gladys Grahn, Alida Smith, Director Frank Hill.

Christian Fellowship

This is one of several new clubs started last year and which has grown from fifteen members to forty-five. They have for their motto "Living for Jesus," and make it a point to have a guest speaker, a musician or other artist for each meeting. Social functions are also on the program.

Row 1: Hellen Iverson, Phyllis Bechtold, Loretta Mariette, LaVyrne Hanson, Shirley Hestad, Julian Valera, Richard Harding, Bill Buroker. *Row 2:* Glen Williams, June Gustafson, Margurite Conely, Leora Thompson, Hazel Rand, Roberta Dooley, Marian Lawrence, Betty Greip, Georgia Moen. *Row 3:* Mr. Sanford, Donald Blomberg, Gordon Carlson, Dennis Matson, Dale Svitek, Merle Olson, Mary Olson, Audrey Olson, Elnora Tietze.

Bowling

You not only learn correct form in bowling but also how to count and keep score. The membership this year is made up entirely of girls and there has been a long waiting list. About to make a strike is Caroline Serbinski, with Phyllis Zandlo, Lorraine Karchgatte, June Hopkins, Lois Swanson, Elaine Honn, Lorraine Pribula, Margaret Connelly, Annette Duernell looking on.

Baton

Here is a new club for all those who have both energy and enthusiasm. Present at all our games and pep fests are our baton twirlers who have made us proud of them.

Row 1: Alice Edstrom, Eileen Marquardt, Lydia Lancunt, Joyce Crews, Donna Carter, Dorothy Jackson, Lois Nordstrom, Joanne Johnson. *Row 2:* Irene Krenz, Laverne Gall, Jeanette Herman, Catherine Zlenak, Patricia Pastwa, Donna Lane, Lillian Brown, Beverly Berry. *Row 3:* Arlene Schafer, Marian Massie, Jean Watson, Marilyn Heintz, Audrey Kissel, Carol Johnson, Donna Kirtsbine, Jerry Schalo.

Red Cross

Helping those who need help could be the motto of this club. Always busy with projects such as knitting articles, and also taking charge of the Red Cross boxes sent overseas are the members of Vocational Red Cross Club.

Row 1: Shirley Knaak, Barbara Genosky, Mary Worwa, Helen O'Brien, Joyce Binford, June Mertz. Row 2: Marlyn Milliman, Shirley Prabulla, Lilia Root.

Knitting

In this club boys and girls alike learn to knit. It's great fun to make a sweater and then show it off by wearing it. Learning the art of knitting besides having fun doing it, is the aim of the club.

Row 1: Beverley Scott, Shirley Buckley, Joyce Hoodie, Phyllis Grzeskowski, Charles Witt, Richard Colgan. Row 2: Eleanor Bauman, Harriet Egeberg, Beverlee Culson, Evelyn Johnson, Louise Touchette.

Fashion Drawing

The fashion drawing club is an opportunity for girls to design clothes which they wear. In this club, under the direction of Mrs. Katherine Johnson, the girls are given a chance to design dresses, hats, shoes, and purses, to their own liking.

Matty Schu, Virginia Lee, Ione Procter, Joyce Treichel, Gloria Senescall, Mary Hollgren, Janet Gribble, Marlyn Epple.

Archery

Trying to hit the target is the joy of Mr. Frostad's students in the Archery Club. Not only do they practice being sharp shooters but they also learn how to make their own bows and arrows.

Roland Neseth, Shirley Fields, John Swarz, Arlene Nelson, Charles Davis.

Donna Krecklau and Sam Fritz, Jeanette Rudek and Luverne Hendrickson, Laurene Siay and Francis Nelson, Marlene Schwochert and Harley Gunderson.

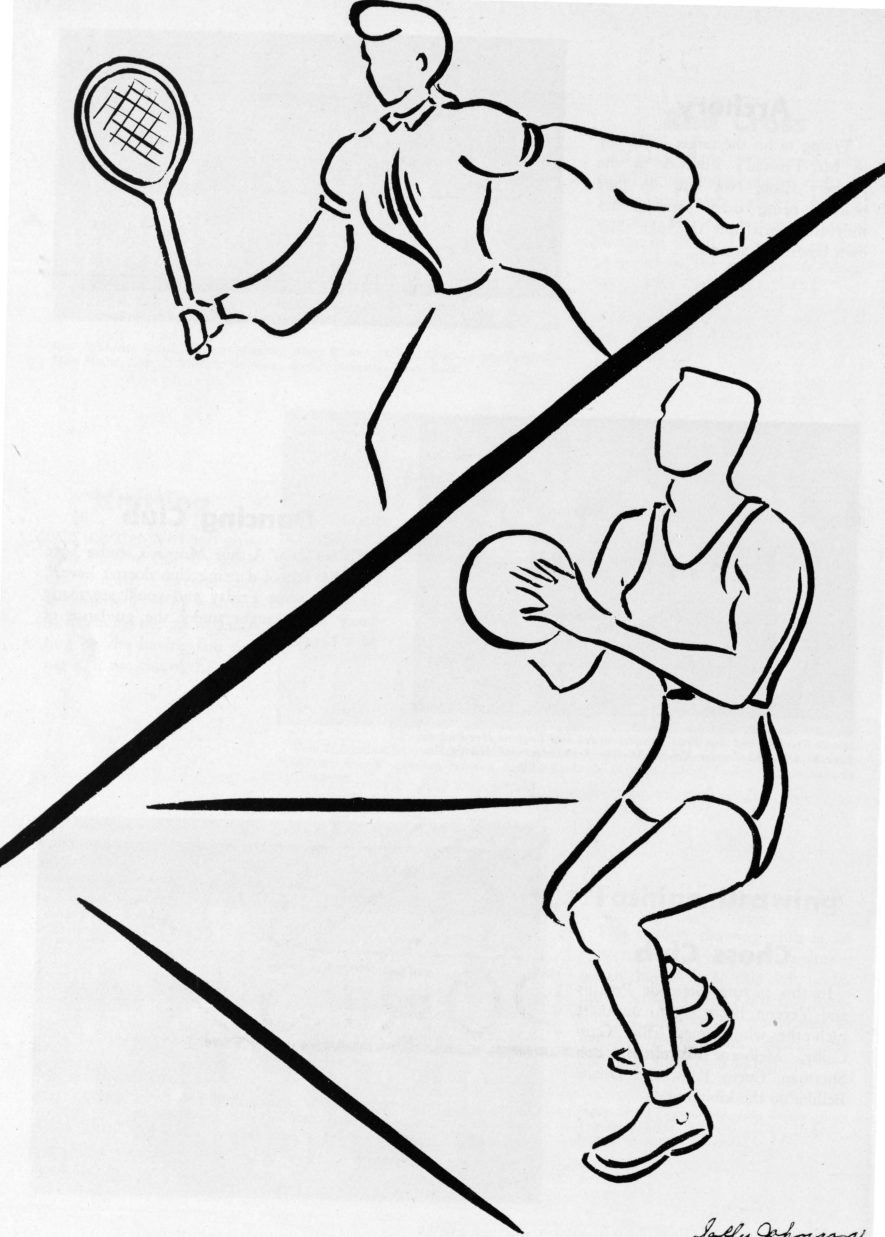

Dancing Club

"What does Arthur Murray's studio have that our school dancing club doesn't have?" Drop in some Friday and you'll see many fancy steps taught under the guidance of Mrs. Lemke.

Chess Club

In this picture Gertrude Perkins and Vernon Barry try to outsmart each other while James Grilley, Gary Colby, Melborne Wrolstad, Bob Sherman, Curtis Boos, and Duane Bellika do the kibitzing.

Football

The Volts ended the 1949 football season with one win, one tie, and five defeats. They lost those games with a fighting spirit. Our only win came when playing Central at the opening of the season. The game ended with the Volts winning with a score of 14 to 12. They played their homecoming with West and the game ended in a tie, 13 to 13. It was a fitting victory for both schools as they were both celebrating their homecomings.

The Vocational fans saw a lot of gridiron playing with Sam Iaquinto and Jerry Lewis. Bill Urbanski showed excellent playing at the beginning of the season but then he sprained his ankle and wasn't very valuable playing football but was good at place kicking.

With the return of most of the lettermen and Roger Vos as captain the outlook for the next season is some very good gridiron playing.

City Champs

The Volts started the season off with a bang by winning over Central 55-49, Southwest 34-27, West 67-40 and Edison 55-47. Marshall then overtook the Volts by a score of 30-42.

But this did not stop them, for they went on to win the last five games.

The Washburn Millers, who twice dropped the Volts by one point last year attempted to gum up the works again but our boys put the shoe on the other foot for they took Washburn with a score of 48-36. With this win over Washburn the Volts captured the City Championship undisputed for the first time in Vocational's history.

They then went on to win over St. Paul Washington for the Twin City Championship by a score of 50-38. The cagers were not satisfied with this

however, for they went on to win the District 17 Championship, the final game being with Central ended with a score of 56-50. They won their first game of the Region Five tournament from Buffalo, but lost to Robbinsdale in the final game. This knocked the Volts out of a chance to play in the State Tournament.

Bob Petersen, the Volt's center, was the scoring demon of the year. Bob broke all previous city high school records by scoring 264 points, giving him an average of 26.4 points per game.

Bob Petersen, Howie Olson and Sam Iaquinto were three of the top ten players selected as the District 17 "All Star Team."

Roger Vos, returning next season as captain, is looking forward to another season of fine basketball.

Interest in sports runs high in G. A. A.

G. A. A.

G. A. A., the Girls' Athletic Association gives all girls a chance to compete in Service Ball, Line Soccer, Basketball, Volley Ball and Badminton.

Letters are earned through a point system which requires 600 points for a Vocational letter and 1000 points for a City Wide Emblem. As many as 200 points may be earned for outside activities.

These girls having earned 600 points will receive Vocational letters; Barbara Mason, Marjorie Swenson and LaVonne Lynch. The following girls having earned 1000 points each will receive City Wide Emblems; Virginia Bellach, Mary Ann Hultzgren, Georgia Moen, Marjorie Swenson, Judy Pangburn and Elaine Stanley.

Row 1: Barbara Mason, Joan Borsethe, Cathaline Zelenak, Pat Cotce, Mavis Erickson, Deloris Hoch, Deloris Hronski, Violet Erickson. Row 2: Georgia Breen, Shirley St. Marie, Delores Nelson, LaVonne Lynch; Deloris Kaczor, Violet Rudquist, Rose Rudquist, Janet Beon. Cheerleaders

Cheerleaders

Delores Pettis, Audrey Dolbec, Joan Lynch, Garnet Youngren, Shirley DeTuncq, Dorothy Dahlen, Joe Boniarczek, Joyce Binford, and Alvera Iaquineto. Marcia Hanson, Captain, is not pictured.

Our cheerleaders have been loyal throughout the year attending all the games and cheering the team on to their victories. Our dependable leaders have made up new cheers and improved actions for the

old cheers. Their vote of thanks goes to the student body for supporting them in making the cheering section what it was this past year.

Physical Education

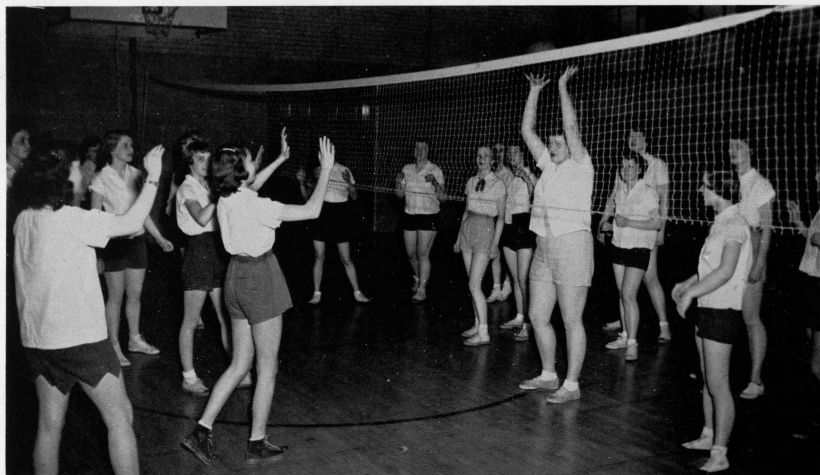

Among the numerous games taught in physical education are line soccer, basketball, and volley ball.

Daily exercises are given to help the girls keep physically fit. Tests are given at the end of each

semester to show the improvements made by the girls.

Miss Brannon and Mrs. Sarah Lemke, also teach modern and old time dancing to help the girls acquire rhythm.

The G.A.A. girls have fun in a volley ball game.
