time as i've known it  
doesn't take much time  
to pass by me

minutes into days  
turn into months  
turn into years  
they hurry by me

still i love to see  
the sun go down  
and the world go around

dreams full of promises  
hopes for the future  
i've had many

dreams i can't remember now  
hopes that i've forgotten  
faded memories

still i love to see  
the sun go down  
and the world go around

and i love to see  
the morning as it  
steals across the sky

i love to remember  
and i love to wonder why  
and i hope that i'm around  
so i can be there when i die  
when i'm gone

i hope that you will  
think of me  
in moments when you're happy  
and you're smiling

that the thought will  
comfort you  
on cold and cloudy days  
if you are crying

that you love to see  
the sun go down  
and the world go around  
and around  
and around

# SENIOR COUNCIL

the council's main purpose is to make the seniors' last year at voc one to remember. the members bring ideas from the class about what activities they would like, the council takes care of the christmas dance, sno days, the senior banquet, the prom, graduation gowns and announcements, and senior dues.

the members of the senior council are: kent ferguson-pres., diane spiczka-vic pres., nina szulga-sec., winnie manzke-tres., debbie anderson, jean biesiada, russ evans, mary holland, marvin lancaster, diane carlson, joe mau, bob morris, dan nechka, charles oliver, mary roscrans, steve sjoberg, kay williams, and mrs. gilchrist-advisor.

# IN MEMORIAM BETTY LEWIS

so live that when they summons comes to join  
the innumerable caravan which moves  
to that mysterious realm where each shall take  
her chamber in the silent halls of death,  
thou go not, like the quarry-slave at night,  
scourged to her dungeon, but, sustained and soothed  
by an unfaltering trust, approach thy grave  
like one who wraps the drapery of her coach  
about her, and lies down to pleasant dreams.

- william cullen bryant.

## SENIOR BANQUET

the embarrassment of tripping on the dance floor, the cheesy lasagna, mike teclaw's leather and crushed velvet outfit, dancing the penguin, breakdown, and polka, the fake bar that only served pop. these are just a few memories from the senior banquet '72, at the holiday inn central.

"they were an enjoyable group to work with. they were lacking in experience; however, they made up for it in enthusiasm. seven of these young men managed to place in the district tournament."

# BASKETBALL 1971 - 1972

coach chambers said, "this year's team was the shortest that has been in the city in the last 15 years. other coaches in our city noted us before the season to finish in last place. we tied for 5th! they were able to handle the ball very well and had excellent speed. their most positive attitudes allowed us to reach altitudes most people believed were beyond their reach."

captain howard said, "we won 6 out of 14 season games, and a few others were tight. i felt the team played together real good!"

# YOUTH SERVING YOUTH

this is the third year that voc students have volunteered their services by helping the teachers at madison elementary school.

voc students help these students with their classwork to give the teachers at madison a chance to work longer with each student. this year, voc students presented a christmas show for the children.

"do me a favor and sign me out."

"i'll never play santa claus again in my life."

"have you ever been down to the quiet room?"

## FADS AND FASHIONS

## DANCES

well after three years of promises, we finally got our lounge.

"i wish more kids would appreciate what they've got. if they don't like it, they should suggest things to improve it."

"we waited so long for it and heard so much about it that when we finally got it, we were expecting too much."

## HANGOUTS

"remember when we skipped her class, and cady never caught us!" "i'll have french fries, hamburger, and a coke." "wait a minute, i have to get a pack of cigarettes." "does anybody want to go to the store?" "think we should leave a tip?"

## SWEATSHIRT SALE

the sweatshirts were sold as a way to raise money for school activities, promote school spirit, and to help the school have some identity at the school basketball, football, and baseball games. students could wear them to show pride in their school. approximately 175 were sold.

## STATIONERY SALE

the second hour drama class sold mod, parchment, and vocational high school emblem stationery to help raise funds for the trip that twenty students took to new york for four days of spring recess. they attended two broadway plays, and took an all day tour of new york city. they flew round trip on a northwest 747 jet.

## SENIORS ON THE JOB!

coop is job training for seniors.  
they go out and put to work the  
skills and practices that they  
learn and strive for during their  
three years a voc.

"coop is a real good  
opportunity"  
"good learning experience"  
"meeting new people"  
"learning new things"  
"coop is almost like getting  
paid for going to school!"  
"the training in itself is an  
education"

## SENIORS IN THE WORLD OF WORK

"i don't know which is worse,  
model office or my boss"

"it's really neat getting out of  
school"

"it's good for a person because  
school isn't such a drag then"

"it's okay if you could get more  
hours"

## EVENING SCHOOL

evening school, under the direction of joseph papatola, has had an extremely large enrollment. there is a wide variety of courses for adults to choose from.

c. dale davidson, armas peltó, elizabeth davis, louis derby, alyce gross.

# ACADEMICS

## math

math is required to graduate, so most students take a related math. "math is essential in today's computer-oriented world."

## english

three years of english at voc. is an introduction to all communication skills. "it's wonderful to be done with pink passes—they're for stupid people."

## science

one year of related science is generally required for graduation. "let's keep watching for the improvements to continue."

## social studies

a course in social studies is provided to help the student prepare to participate in a democracy. "there goes vocational's finest."

## APPAREL ARTS

people in apparel arts learn the operation of industrial machines, the commercial methods of garment construction, the fitting and alteration of ready-made garments, and custom sewing techniques. the related classes are pattern making, textiles, and fashion design.

"working with students is a challenge."

## AUTO MECHANICS

an auto mechanic is a technician who is able to diagnose malfunctions on an automobile and make the necessary repairs and adjustment. a mechanic has to learn where to find technical information to service any unit on a car. he must have a working knowledge of special tools, testing apparatus, and diagnostic equipment.

"learn how to repair an engine."

"he should have the ability to be able to estimate job request."

## COSMETOLOGY

people in cosmetology are interested in good grooming. cosmetology is the care and beautification of the hair, skin and nails which includes the shaping, styling, permanent waving and coloring of hair, scalp and hair treatments, facials, make-up, manicuring and all phases of wiggery. a license is issued by the board to those who obtain acceptable grades.

"we're not going to do our own hair, are we?"

"oh no, what did you do?"

# GENERAL BUSINESS

general business prepares a student for such clerical duties as typing, filing, tabulating, and calculating. they also learn to operate duplicating machines, prepare, sort, and distribute mail, take telephone orders and give information to callers.

"hands on home row, go!"

"kiddos, (ding, ding)"

## STENOGRAPHY

stenography is the most highly skilled of all clerical work. a stenographer takes dictation in shorthand and transcribes correspondence, reports, and minutes on the typewriter. a stenographer performs a variety of related clerical duties including bookkeeping and filing.

"now, girls, this quarter let's turn over a new leaf and i'll forget about the past,"

"one-hundred and twenty words a minute, i can't even get fifty!"

## RESTAURANT TRAINING

workers in hotel and restaurant cooking prepare and serve food and beverages. they cook many varieties of foods and serve buffet. these students also gain experience in catering.

"be sure to wash your hands"

"did she say a half teaspoon of baking soda or a half teaspoon of baking powder?"

## MACHINE SHOP

there are many types of trade classifications in the machine trades: the machine operator; the set-up man who is skilled in the set up and operation of all types of machines; and the tool and die tradesman who produces jigs, fixtures and dies.

## PATTERNMAKING

the patternmaking trade, a branch of the metal casting field, is a highly skilled occupation and demands that its craftsmen be experts in the use and care of all woodworking hand and machine tools.

## METAL ARTS

the jewelry trade is an expressive art. you work with your hands to create a beautiful piece of jewelry in silver or gold, along with diamonds and other gems, that will be worn by a customer.

## PRINTING

printing is the third largest industry in the state with its employees enjoying the highest hourly wage rates of any manufacturing industry. in all methods of printing the work is performed by skilled craftsmen who are trained, usually through apprenticeship, to specialize in one type of job.

## ELECTRICITY

the electrician is a person experienced in the science of electricity. he may make, repair, install or operate any electrical devices. the individual with a good basic knowledge of electricity will find many opportunities in the various branched of the electrical field.

## ELECTRONICS

the principles of electronics are found in radio, television, automation controls, heating and welding methods, telemetering, servo-mechanisms, radar and many other areas. many students secure their fcc licenses during their high school program.

## ***SHEET METAL***

there are two groups of sheet metal workers: one group manufactures and installs sheet metal parts for new and remodeled buildings; another group is made up of skilled layout and setup men and machine operators in industries manufacturing sheet metal products. these products range in size from sprinkling cans to prefabricated metal buildings.

## ***SHOE REPAIR***

the shoe repair course is designed to teach students to become good shoe repairmen and thus enable them to manage or work in a shoe repair shop. the three year course includes hand and machine processes in repairing different types of shoes and the study of materials that go into making shoes. management and shop fundamentals are a vital part of the program.

## ***UPHOLSTERING***

the upholstery field is comprised of four main areas of specialization: retail custom and repair shops; wholesale upholstery firms; auto trim and airline service firms; and related areas such as bedding manufacturers, canvas firms or display work.
